

SECTIONAL DOORS | MODEL 1380

Ammarr®

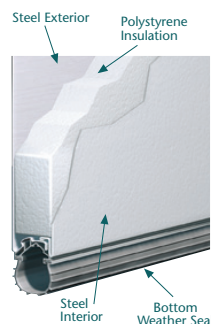

Construction

Model 1380

Medium-duty 1 3/8" Insulated Steel Door

R-Value*
6.58

TRIPLE-LAYER

Steel + Insulation + Steel

Track: All Amarr Doors are available with both 2" or 3" track in Standard Lift, High Lift, Vertical Lift, Low Headroom, and Follow the Roof Pitch. Custom track configurations are also available. For drawings and more information, please visit our website at www.amarr.com.

Hardware: Amarr hardware includes minimum 14-gauge galvanized steel hinges and 13-gauge galvanized steel track brackets. All rollers have minimum 10-ball bearings.

Springs: Torsion springs are oil tempered, helical wound and custom computed for each door for a minimum 10,000 cycle life. Optional springs are available up to 100,000 cycle life.

Amarr's Model 1380 features two steel skins surrounding

1 3/8" inches of CFC-free polystyrene. Each skin is made of

27-gauge steel to provide a solid wall of protection from the

elements. Our 4-step insulation system features insulation,

weather-stripping, thermal break, and tongue and groove

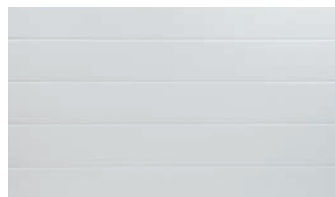

construction for a snug fit between sections.

The exterior face is stucco embossed and ribbed with shallow

grooves. The interior surface is stucco embossed. Model 1380

is available prepainted in Commercial White.
