

# *Amarr*®

The Model 2700 is Amarr's top-of-the-line high R-Value door designed exclusively for the Commercial and Industrial sectional overhead door market. It is constructed using foamed-in-place polyurethane insulation which creates a strong monolithic panel that is energy efficient.

Each Model 2700 is secured with standard 14-gauge, galvanized steel hinges. The interior skin of each section has two continuous horizontal 20-gauge reinforcing strips. The section joint is thermally broken and chemically bonded with a pressure-sensitive adhesive sealant. An EPDM rubber weather seal further enhances the performance of the joint.

## COLORS

Actual paint colors may vary from samples shown.

COMMERCIAL WHITE

BROWN

Amarr steel doors arrive pre-painted; for custom colors, exterior latex paint must be used. Visit [amarr.com](http://amarr.com) for instructions on painting.

## WARRANTIES

- 10-year Limited Warranty on the paint and finish
- 1-year Limited Warranty on hardware
- See your dealer or visit [amarr.com](http://amarr.com) for complete warranty details
